Dear Cyndee and Julie

Axner Excavating Inc. just completed some important jobs for me and my wife and I and I wanted to let you know how very pleased I am with the work your staff did AND how diligent and helpful all the employees that worked on my jobs were.

We had a distance of 2" PVC pipe that had several leaks to be repaired; some 2" and 1 1/2" PVC to be re-routed; some new PVC to be installed; and some 1" risers to help in fire prevention/fighting. We also had a large area on the north side of our home that was a severe fire danger due to the amount of Manzanita, oak, and digger pines growing there.

Your crew showed up on time, did a great job completing the work as agreed, left the work area in great shape; and was a pleasure to work with.

I want to express our thanks to all your staff that helped us on these jobs including Jon Williams, Greg Lazott, Cody Triplett, Ken Drake, and Garrett Barnes. I hope I have correctly spelled their names.

Feel free to use me as a reference.

Respectfully,

Roy Ferguson
